ABOUT ME

A motivated and detail-oriented BCA student with a strong interest in technology and digital content creation. Skilled in video creation, editing, and basic programming, with hands-on experience in collaborative projects. An active team player with participation in sports such as volleyball, basketball, and kabaddi, demonstrating discipline, adaptability, and teamwork. Eager to learn, grow, and contribute effectively in a professional environment.

EXPERIENCE & ACTIVITIES

- IoT Project – Rain Shield System: Developed an automated rain protection system using Arduino and sensors.
- Social Media Head – GFG Campus Body, ADBU: Managed social media content, increased engagement, and promoted events.
- President – Geo Informatics Student Chapter, ADBU: Led student activities, organized events, and coordinated team initiatives.
- Video Creation & Editing: Created promotional videos and contributed to ad-making projects.
- Ad Making Competitions: Participated in creative advertising competitions.
- Workshops: Attended Drone Building & Flying Workshop and National GIS Workshop/Internship.
